

Student success platform with Compass AI on your server

Academics, behavior, attendance, and social-emotional learning in one local install, plus a local AI assistant that never calls out to a cloud.

WHAT IT IS

Atlas K-12 is an on-premises MTSS platform. It pulls from your SIS, unifies academic, behavior, attendance, and SEL data, and runs a local AI assistant (Compass) on hardware your district already owns. Student records never leave your network.

THE FOUR PILLARS

Academics	Behavior	Attendance	SEL
Grades, assessments, mastery, course performance, trend views, and intervention triggers per student.	Incident logging, pattern detection, tiered response workflows, and restorative-practice tracking.	Daily signals, chronic-absence flags, building and district trend views, automatic at-risk alerts.	Check-ins, wellness signals, counselor caseloads, and social-emotional intervention tracking.

COMPASS AI: LOCAL, PRIVATE, BY DESIGN

Three tiers (Lite, Standard, Pro) sized to your hardware. Runs on a \$700 classroom PC up to a dedicated GPU server. No vendor cloud. No student data ever leaves the district. Swap models with one config line as your hardware grows.

FOUNDER PARTNER OFFER

Help us build it, get year 1 free, free remote weekend install, and lock in founder pricing forever. 50 percent off standard rates from Single School (\$1,200/yr) through Very Large districts.

SINGLE SCHOOL	SMALL DISTRICT	MID DISTRICT	LARGE DISTRICT	VERY LARGE
Under 500 students Single building pilot	500-2,500 students 2 to 5 buildings	2,500-7,500 students 5 to 12 buildings	7,500-20,000 students 12 to 30 buildings	20,000+ students 30+ buildings
\$2,400 standard	\$6,000 standard	\$12,000 standard	\$24,000 standard	Let's talk
\$1,200 / yr FOUNDER PRICE	\$3,000 / yr FOUNDER PRICE	\$6,000 / yr FOUNDER PRICE	\$12,000 / yr FOUNDER PRICE	FOUNDER PRICE

A 5,000-student district paying Panorama at \$10/student writes a \$50,000 check. The same district on Atlas Mid Founder pays \$6,000. That is \$44,000 in annual savings with data on hardware the district owns.
